DETAILED ACTION

Drawings

The drawing has been accepted by an official draftsman.

Examiner's Comment/Reasons for Allowance

1. The description is as complete as is reasonably possible and the invention is not taught or fairly suggested by the prior art. No evidence of sale prior to April 13, 2003 was found and based on the declaration, the plant was not sold or publicly distributed anywhere in the world more than one year prior to the U.S. filing. As a result, no §105 issues were raised with regard to the UPOV hit.

Examiner's Amendment

1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to Applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

The following changes were authorized (and permission to make same by Examiner's amendment was granted) by Anne Whealey in the course of a telephonic interview with Examiner Grünberg on January 25, 2005:
